Hi Mike,

I shared this with Ann and asked for DPRs input on the draft agenda. I also shared it with Erin.

Agenda – Exploring solutions

1. Introductions of participants on the call
2. Understanding the problem from different perspectives
3. Possible paths forward
 - a. Non-Notification (DPR suggestion PRN 98-10 revision)
 - b. Disclaimer - State box on label/wording (EPA)
 - c. Delegation to the State – Is it possible? (DPR)
 - d. Place Prop 65 stickers on labels in a specific location on label and with Agency approved language.
 - e. Not on label at all must us one of OEHHA's other places for notice.
 - f. Keep doing what we did in the past.
